

NVR3416R

16CH 5MP 19"1U Rackmount Standalone Network Video Recorder

NVR3416R is a LILIN's 16CH NVR, suitable for different environment. With ARM Cortex A9 dual-core processor, the network output is up to 144 Mbps (upward output is up to 96Mbps and download output is 48Mbps). Through LILIN's IPScan and WS-Discovery software, users will be able to constantly connect NVR3416R with the IP camera, simplifying its usage. It also features with VGA and HDMI Output (Full HD, 1,920 x 1,080), and packed with a mouse and a keyboard. It is definitely the first and best choice for middle-sized enterprise when choosing NVR product.

- ▶ 16 Channel H.264 network camera Input
- ▶ Up to 5 MP H.264 network camera support
- ▶ Up to 1080p 60 FPS network camera support
- ▶ Ethernet failure redundancy or sharing supported
- ▶ Up to 8TB HDD supported
- ▶ External e-SATA storage supported
- ▶ HDMI / VGA 1080P output
- ▶ HDMI / VGA main or spot monitor switch
- ▶ Mobile phone (iOS, Android) solutions provided
- ▶ Network maximum input through up to 96Mbps
- ▶ 19"1U Rackmount
- ▶ Chrome, Edge, Firefox, IE, Opera, Safari supported

Dimensions (unit in mm):

435 x 420 x 44 mm

Adapted to ONVIF-compliant IP cameras

NVR3416R is an easy-to-install Linux based standalone HD solution for recording ONVIF compatible cameras

Instant Notifications

When an event occurs and the alarm recording is enabled, an alarm icon will be shown instantly on the monitored display

Timeline-based Search

Search can be performed to available recorded videos on the basis of channel number, recording type and timeline of the event.

Streams and Records up to 16 IP Cameras

Remote monitoring in NVR3416 allows you to check the live feeds from all surveillance cameras at any time, making sure your property and staff are safe and well protected.

PTZ (Pan-Tilt-Zoom) Control

You can adjust the PTZ (Pan-Tilt-Zoom) functions of supported cameras directly on the NVR User Interface, which greatly enhances the convenience in remote monitoring.

P2P

P2P is an easy-to-use service that allows users to access a LILIN NVR by simply scanning a QR code with your smartphone camera. With P2P, you will no longer set up port forwarding in the router, and the use of a P2P driver enables you to access two-way audio, video playback, IO control, and even PTZ control.

Email Notification

LILIN NVR can send email notification with JPEG snapshots as an attachment to one or more recipients in case of any event.

Plug-n-play Device

An automated installation wizard, *IPScan* and *WS Discovery*, can locate all the cameras on the network and import a preview picture of each channel to help with identification.

Remote Viewing

With *LILINViewer*, remote viewing from handheld devices is fully enabled, with iOS and Android compatibility. The application provides security alarm push notification, real-time live viewing, and remote video playback.

HTML5

Now all LILIN NVRs embrace the latest HTML5 technology. HTML5 protocols do no longer require ActiveX plugins for QuickTime or Java videos. What's more, you will never be restricted by limited browsers such as Safari, Chrome, and Firefox in both PC, iOS, and Android.

16CH 5MP 19"1U Rackmount Standalone Network Video Recorder

| IP Video Input | |
|--------------------|--|
| Model# | NVR 3416R |
| Supports | Network camera / ONVIF Profile S / DVR / NVR / Video encoder / Navigator |
| Input | 16 CH |
| Resolution | CIF / VGA / D1 / 960H / 1M / 1.3M / 1080P / 3M / 5M |
| Maximum Frame Rate | 480 FPS |

| Video output | |
|--------------|---|
| Output | HDMI / VGA 1080P |
| Spot monitor | HDMI or VGA selectable (Spot or sync.) |
| Split Screen | 1 / 4 / 8 / 9 / 13 / 16 split division, sequence mode, freeze |
| Digital Zoom | Up to 64x on live and playback |

| Certifications | |
|----------------|------------------|
| CE | Yes, EMI CLASS B |
| FCC | Yes, EMI CLASS B |

| Recording | |
|----------------------------|--|
| Encode Format | H.264 |
| Maximum Network Throughput | 96Mbps |
| Resolution | CIF - 5MP |
| Frame Rate | Single channel up to 1080P 60 FPS |
| Recording Mode | Manual, schedule (continue, event, none) |
| Recording Schedule | Each channel 7day x 24 hours time table, recording mode configurable |
| Alarm Event Actions | Motion grid (20x12, multi-level sensitivities) / Network camera event / DI |
| Alarm Notification | Alarm notification iOS / android / E-Mail / FTP / Buzzer / DO |

| Playback | |
|-----------------|--|
| Search | Alarm event / Operation event / System event / Meta data event / Time search |
| Display | 16 CH synchronous playback |
| Resolution | CIF - 5MP |
| Max. Frame Rate | Up to 1080P 60FPS |
| Speed | Fast rewind 2x-64x / Fast forward 2x-64x / Step Forward / Slow motion 1/2 - 1/16 |

| Storage | |
|--------------|---|
| Internal HDD | 4 x 3.5" HDD (Up to 8TB supported) |
| eSATA | eSATA connector x 1 (Up to 16TB external storage supported) |

| Backup | |
|----------------|---------------------------------|
| USB Flash Disk | Up to 32 GB supported |
| Network Backup | Via HTTP / FTP / Network Places |
| DVD/RW | External USB DVD/RW |

| Audio | |
|------------------------------|----------------------------------|
| Audio Input | 16 CH (network camera), G.711 8K |
| Audio Output | RCA x 1 |
| Network Camera Two Way Audio | Yes |

| Network | |
|-----------------------|--|
| Ports | RJ-45 Gigabit Ethernet x 2 (Ethernet failure redundancy or sharing supported) |
| Protocols | ARP / TCP/IP / UDP / HTTP / HTTPS / SMTP / SNMP / FTP / DDNS / PPPoE / NTP / RTP / RTSP / DHCP / SNMP / Onvif Profile S |
| Web | Direct Internet Explorer (10 and above) browser access / Multiple users access / HTML 5(Chrome, Firefox, Opera & Safari for Mac) |
| Mobile Phone | iOS / Android supported |
| P2P | APP scan QR Code / UID connection |
| RTSP Service | RTP UDP / RTSP TCP supported |
| IPScan / WS-Discovery | WS-Discovery and IP Scan, automatically quick IP address setup for network cameras |

| Software | |
|-------------------|---|
| VMS | Navigator |
| Backup / Playback | Remote Playback Manager / Backupman, multiple NVRs file download and multi-channel playback |

| Alarm | |
|-------|---------------------------|
| Ports | DI x 2 and DO x 1 (NO/NC) |

| System | |
|----------------|--|
| Reports | Alarm event, operation, configuration and system execution log full reports exporting over HTTP or USB |
| Authentication | User authentication with feature configurable and IP address blocking |
| Language | Arabic, Chinese (Traditional), Chinese(Simplified), English, French, German, Hungarian, Italian, Japanese, Korean, Polish, Portuguese, Russian, Spanish, Turkish |
| HDD Inspection | S.M.A.R.T monitoring / File system defragmentation / IO read write error |
| Recording Day | Automatic recording day calculator |
| Time | Daylight saving / NTP / External USB GPS time sync / Keyboard |

| Accessories | |
|------------------|--|
| PTZ Protocols | HTTP / ONVIF |
| Keyboard | PIH-931D keyboard input |
| USB to RS-232 | Record external metadata via USB to RS-232 cable, display at live and playback |
| Remote Control | Remote controller addressable up to 255 NVRs |
| Mouse | Mouse click, drag and scroll |
| Microphone | USB Mic. support (Need additional option) |
| WiFi / 4G Dongle | WiFi and 4G external USB dongle supported (Certified brand only) |

| Others | |
|--------|---------------------------|
| CPU | ARM Cortex A9 Dual Core |
| OS | Embedded Linux Kernel 3.0 |
| WDT | Hardware watchdog timer |

| Power and Working Env. | |
|------------------------|---|
| Power | Adapter DC 12V, 5A, 60W x 1 |
| Operating Temperature | 0°C ~ 45°C (32°F ~ 113°F) |
| Operating Humidity | 5% - 80% |
| Dimensions (WxLxH) | 435 x 420 x 44 (footpad included 53) mm |
| Weight | ≈4 kg (Without hard drive) |
